Size: 4.8 MB

برنامج Super Hide IP 3.1.4.8 برنامج اخفاء الاى بى يمكنك هذا البرنامج من جعل عنوان الاى بى مخفى لحمايتك اثناء تصفح الانترنت من المتطفلين وحماية بياناتك من الهاكرز.

Use Super Hide IP to keep your IP address hidden, surf anonymously, protect your identity and other personal information against hackers, and provide full encryption of your online activity, all with a simple click of “Hide IP” button. With it, you are able to be assigned fake IPs, which prevents others from seeing your true IP when browsing the Internet and hackers monitoring your home address and other personal information. You can send anonymous emails and prevent your real IP address from being shown in E-mail headers on any Webmail E-mail service such as Yahoo, Hotmail, or Gmail. You can also un-ban yourself from forums and Blogs, etc which have banned you. You can also select to use fake IP from different countries via “Choose IP Country” option and can Check IP directly. Super Hide IP works with Internet Explorer, Firefox, Opera, Maxthon, MyIE and is compatible with all types of routers, firewalls, home networks, wireless networks and any other kind of Internet.
